# Our Message

*“We aim to promote a culture of high quality in pharmaceutical marketing and advertising, fostering genuine competition among all institutions providing marketing services, pharmaceutical advertising, and medical supplies, whether they are large or emerging companies. Our commitment is to deliver the best services to our clients.”*

# Mission &

## Mission

Our mission is to achieve total quality and excellence. To accomplish this, we continuously train and motivate our workforce, make clear agreements and respect them, and work according to effective and integrated methods to ensure exceptional customer service. Our company adheres to all international laws, standards, and procedures required for advertising and marketing activities. We maintain a team of highly qualified, trained, and dedicated employees who can provide high-quality services anytime and anywhere.

## Marketing and Distribution

We distribute and market medicines and medical products across both public and private sectors, including all government facilities under the Ministry of Health. We prepare contracts for the General Company for Marketing Drugs and Medical Supplies (Kimadia), the Department of Medicine City and its hospitals, the Karkh Health Department, and the health departments of Rusafa, Basra, Karbala, Najaf, Diwaniyah, Diyala, and Dhi Qar, along with their hospitals. Additionally, we supply civil society organizations, the International Organization for Migration (IOM), the Red Crescent Organization, and veterinary departments.
